

## Gap Sheet Indicator Definitions – HEALTH

Indicator Name	Definition	Data Source	Notes
<b>Identification Indicators</b>			
LGA name	The full name of the LGA	OSSAP MDGs facility inventory surveys	
State	The full name of the state where the LGA is located	OSSAP MDGs facility inventory surveys	
Zone	The full name of the zone where the LGA is located	OSSAP MDGs facility inventory surveys	
Population of LGA	Total population of the LGA from the 2006 census	Nigeria Population Census, 2006	
<b>Health Facilities</b>			
Total number of existing primary health care facilities	Total number of public primary health centres (PHCs), ward model primary health centres, primary health clinics, health posts and dispensaries	OSSAP MDGs facility inventory surveys	NPHCDA designations
Number of hospitals	Total number of hospitals	OSSAP MDGs facility inventory surveys	NPHCDA designations
Number of primary health centres (PHCs)	Total number of public primary health centres and ward model primary health centres	OSSAP MDGs facility inventory surveys	NPHCDA designations
Number of primary health clinics	Total number of public primary health clinics	OSSAP MDGs facility inventory surveys	NPHCDA designations
Number of health posts and dispensaries	Total number of public health posts and dispensaries	OSSAP MDGs facility inventory surveys	NPHCDA designations
Total number of secondary and tertiary facilities	Total number of secondary and tertiary facilities, which include comprehensive health centres, federal medical centres, dental clinics, and maternity facilities	OSSAP MDGs facility inventory surveys	NPHCDA designations
<b>Delivery and Neonatal Care Indicators</b>			
Improved and functional water point	Percentage of all facilities with access to improved water sources, which include handpumps, taps,	OSSAP MDGs facility inventory surveys
